MultiPlan Networks Review

MultiPlan's extensive selection of provider networks gives healthcare payers and their plan members more opportunities to choose a MultiPlan contracted provider. In addition to our nationwide primary PPO, the PHCS Network, you may see these other logos and network names on patient ID cards and/or EOB forms. As always, refer your Participating Professional Agreement for specific access information.

Logos may appear in color, grayscale or black and white, on the front or back of the ID card in any position or order and in conjunction with other logos. There may be additional information in a tagline underneath the logos that describe how the network is accessed (e.g., specific services).

MULTIPLAN'S PROVIDER NETWORKS

Nationwide Primary PPO Network	**PHCS**	MultiPlan's nationwide primary PPO network. The PHCS Healthy Directions network extends the PHCS Network outside a health plan's local service area.
Regional Primary PPO Networks	**HealthEOS** / **HealthEOS Plus+**	MultiPlan's regional PPO network in Wisconsin, with some coverage in bordering Michigan, Minnesota. This network is also used for Workers' Compensation and Auto Insurance programs in these areas.
	Beech Street	MultiPlan's regional PPO network in Alaska, Nevada and Utah.
	ARIZONA MEDICAL NETWORK / HMN / ram	MultiPlan's regional commercial PPO networks in Arizona and Hawaii.
Nationwide Complementary PPO Network	**MultiPlan**	MultiPlan's nationwide complementary PPO network.
Workers' Compensation and Automobile Insurance Networks	**MultiPlan** / Integrated Health Plan, Inc.	MultiPlan's networks for Workers' Compensation and Auto Insurance programs.
Access Card Network	**ValuePoint** By MultiPlan	MultiPlan's nationwide access (discount) network.
Networks Serving Government Funded Programs	**PHCS** Medicaid Network	MultiPlan's network for Medicaid programs.
	TRUE CHOICE	MultiPlan's network for Medicaid programs in Texas.
	MultiPlan Medicare Advantage	MultiPlan's network for Medicare Advantage programs.
